Occupational Health & Safety

Occupational Health and Safety

Minimise risk - help keep your workplace safe - ensure your staff are OH&S compliant!

The OHS OnDemand Occupational Health and Safety Induction has been designed by health and safety experts to provide fast, inexpensive, consistent, measurable OH&S training that will reduce injuries, improve the safety culture in your organization and fulfill legal OH&S legal requirements.

Check our demo to experience a sample of our leading edge training and call us for a quote now!

OHS OnDemand provides an effective OH&S solution that:

- Is inexpensive - no need for trainers or large training budgets
- Minimises downtime - no need for staff to go anywhere, training can be done at their desks
- Is up to date with current Australia OH&S legislation
- Delivers courses online - staff can access training from work or home at any time
- Records results and provides reports at completion of training as evidence of compliance

Why OHS OnDemand - why not attend classes?

- Inexpensive training
- Reduced training time
- Easy-to-use and effective training
- Guaranteed expert training that is consistent and professional
- Flexible, convenient delivery anywhere, anytime
